

RESTORATION FELLOWSHIP INTERNATIONAL is a fellowship of ministers, ministries and sister churches who seek to have meaningful and committed fellowship together as we endeavor to build up the body of Messiah and His Kingdom in the earth. RFI is currently affiliated in Mexico, Latin America, India, England, Africa and the United States.

We seek to reclaim the **Biblically Hebraic roots and heritage of the Christian Church**. We endeavor to do this as we reclaim the Feasts of the Lord (*His appointed times*) and to celebrate the meaning of these festivals through the reality in Messiah Jesus and through the expression of the festivals in the New Covenant or New Testament.

If you would like to know more about the RFI Association, please visit our website or pick up one of our informational brochures or directly contact us through our offices in Cleveland.
